

Quality Policy

The primary objective of **TUBI ITALFLEX S.r.l.** is to provide its customers with high-quality products and services. To achieve this ambitious goal, the Company is committed to:

-  Meeting customer requirements;
-  Developing and maintaining the Quality Management System in compliance with **UNI EN ISO 9001:2015**;
-  Preventing defects through ongoing risk assessment;
-  Continually improving processes and products;
-  Engaging personnel in continual improvement activities;
-  Implementing initiatives aimed at ongoing optimization of quality, cost efficiency, and technology;
-  Reducing internal and external waste, customer complaints, and the Cost of Poor Quality (COPQ);
-  Promoting workplace health and safety and protecting the environment.

The implementation of this Quality Policy represents a fundamental pillar of the development plan of **TUBI ITALFLEX S.r.l.**
